

New Product Announcement: KU-202 10/100 Fast Ethernet USB 2.0 Adapter

KTI is pleased to introduce a new member, the KU-202 USB 2.0 Fast Ethernet Adapter, to existing LAN product line. KU-202 is a newer improvement to earlier USB 1.1 Ethernet adapter, dedicated to users with the need for real Fast Ethernet network speed through USB port and the convenience of Plug and Play.

Key benefit of the KU-202 USB 2.0 Ethernet Adapter

- Extremely user-friendly USB 2.0 plug and play design for harness installation and relocation.
- Accessing network at 8.5 times faster than USB 1.1 technologies with proven and standard based USB 2.0 technologies.
- Drivers support Windows 98, Me, 2000, XP
